

Index of Tables

- Tab. 1:** Speaker-oriented domain — 43
- Tab. 2:** Textual domain — 45
- Tab. 3:** Interpersonal domain — 48
- Tab. 4:** Signs used in the transcription based on Jefferson (2004) — 83
- Tab. 5:** Total of tokens of speaker-oriented domain functions — 108
- Tab. 6:** Total of tokens of source predicates (speaker-oriented functions) — 108
- Tab. 7:** Total of tokens of person value (speaker-oriented functions) — 109
- Tab. 8:** Total of tokens of position (speaker-oriented functions) — 109
- Tab. 9:** Total of tokens of verbless hosts (speaker-oriented functions) — 110
- Tab. 10:** Number of tokens of CCs semantics (epistemic modality and evidentiality functions) — 114
- Tab. 11:** Total of tokens of CCs person (epistemic modality and evidentiality functions) — 114
- Tab. 12:** Total of tokens of CCs position (epistemic modality and evidentiality functions) — 115
- Tab. 13:** Total of tokens of verbless hosts (epistemic modality and evidentiality functions) — 115
- Tab. 14:** Total of tokens of CCs position (epistemic exemplification function) — 131
- Tab. 15:** Total of tokens of CCs position (emphasis function) — 137
- Tab. 16:** Total of tokens of CCs host mood (emphasis function) — 137
- Tab. 17:** Total of tokens of CCs position (hedging function) — 149
- Tab. 18:** Total of tokens of textual domain functions — 161
- Tab. 19:** Total of tokens of source predicates (textual functions) — 161
- Tab. 20:** Total of tokens of person value (textual functions) — 162
- Tab. 21:** Total of tokens of position (textual functions) — 162
- Tab. 22:** Total of tokens of verbless hosts (textual functions) — 163
- Tab. 23:** Total of tokens of CCs position (topic-resumption function) — 170
- Tab. 24:** Total of tokens of CCs position (complex reformulation and introduction of new arguments functions) — 173
- Tab. 25:** Total of tokens of CCs position (reformulation function) — 184
- Tab. 26:** Total of tokens of verbless hosts (reformulation function) — 184
- Tab. 27:** Total of tokens of CCs position (approximation function) — 192
- Tab. 28:** Total of tokens of verbless hosts (approximation function) — 192
- Tab. 29:** Total of tokens of co-occurrence with disfluency markers (approximation function) — 193
- Tab. 30:** Total of tokens of co-occurrence with disfluency markers (time for planning function) — 196
- Tab. 31:** Total of tokens of interpersonal domain functions — 203
- Tab. 32:** Total of tokens of source predicates (interpersonal functions) — 204
- Tab. 33:** Total of tokens of person value (interpersonal functions) — 204
- Tab. 34:** Total of tokens of position (interpersonal functions) — 205
- Tab. 35:** Total of tokens of verbless hosts (interpersonal functions) — 205
- Tab. 36:** Total of tokens of CCs host mood (interpersonal functions) — 206
- Tab. 37:** Total of tokens of CCs semantics (attention-getting function) — 207
- Tab. 38:** Total of tokens of CCs host mood (attention-getting function) — 207
- Tab. 39:** Total of tokens of CCs position (attention-getting function) — 207
- Tab. 40:** Total of tokens of CCs position (checking and response-evoking functions) — 212

- Tab. 41:** Total of tokens of CCs semantics (checking and response-evoking functions) — **212**
- Tab. 42:** Total of tokens of CCs position (appealing to shared knowledge function) — **217**
- Tab. 43:** Total of tokens of CCs semantics (appealing to shared knowledge function) — **217**
- Tab. 44:** Total of tokens of CCs host mood (hearer-oriented mirativity function) — **224**
- Tab. 45:** Total of tokens of CCs semantics (hearer-oriented mirativity function) — **224**
- Tab. 46:** Total of tokens of CCs semantics (negative politeness function) — **228**
- Tab. 47:** Total of tokens of CCs host mood (negative politeness function) — **228**
- Tab. 48:** Total of tokens of CCs host mood (hearer-oriented emphasis function – Interpersonal domain) — **231**
- Tab. 49:** Total of tokens of CCs position (hearer-oriented emphasis function – Interpersonal domain) — **231**
